It was **RESOLVED** to submit the following comment:

Helmdon Parish Council would like to put forward the following points for consideration by the planning officer:

- It has been suggested that the tree survey is not compliant with BS5837 and was completed by an architect, not a qualified arboriculturalist. Please could this be checked?
- It is not clear whether all the new developments would be independent or ancillary to the existing accommodation. This should be clarified.
- The proposed development includes demolition of some walls which may have heritage significance. If possible the Parish Council would prefer to see these retained within the development. Where this is not possible, reuse of the demolished materials is to be encouraged.

Meeting closed @ 4pm
